

Ynys Môn Angling

Upgrade for Disabled Angling

The work at the Breakwater Park Lake, Holyhead has created a new and important access facility for both visiting and local people to enjoy.

The new open access area near the main car park gives an opportunity for all to experience close water's edge experience in safe and secure surroundings.

There is also newly constructed Disabled access fishing pegs constructed to disability angling standards, enabling people of all abilities to make use of this new facility.

Breakwater Park has become a focal point in the Holyhead area for outdoor, safe and interesting activity. Part of that outdoor activity can be enjoyed by those people who want to experience Angling for the first time with qualified coaches and equipment available at the lake.

Ynys Môn Angling Association have promoted and delivered this improvement project, in conjunction with funding partners both local and National and without whom the project would not have been possible.

The public can now go forward and enjoy the new editions to this Area of Outstanding Natural Beauty.

Ken Parry

Secretary - Ynys Môn Angling Association

Menter Môn contributed to the Breakwater Park Angling project with monies from the Rural Development Plan.
